

Thank you for your membership!

As a WGWA member you are now eligible for several opportunities. I invite you to fully participate and join in the fun!

- ✓ You will automatically be sent an informative WGWA Newsletter each Quarter. The newsletter contains a mix of technical articles, breaking news, and calendar events.
- ✓ The Newsletter gives you the opportunity to publish your own articles on projects you've worked on, problems you've solved, conferences you've seen, or places you've been.
- ✓ Occasionally, you will be sent timely bits of critical information in the form of a WGWA Note between newsletters.
- ✓ Additional educational opportunities exist in our Events. Upcoming events are described on the Events page and may include webinars, our Annual Conference (hear the industry's best speakers), and our Fall Field Trip (gain hands-on knowledge of hydrogeology).
- ✓ Such events create networking opportunities. Meet with the best and brightest to advance your work and your knowledge.
- ✓ Participation on our Committees and Task Forces also presents the opportunity for networking, while accomplishing something good for the groundwater industry.
- ✓ This participation, along with possible selection for Board positions or Area Coordinator positions helps to develop your leadership skills. Let me know anytime if you are interested in pursuing such leadership roles.

Sincerely,

Your President
Paula Richardson
